## WORK EXPERIENCE

### Web Development Intern CodSoft

07/2023 - Present

Remote

#### Achievements/Tasks

- **Responsible** for assisting in the design, development, and maintenance of web applications using **React JS** and other technologies!
- Tasked with building an **Online Travel Booking System**, collaborating with the team to implement key features and ensure a seamless user experience!
- Gaining hands-on experience in front-end development, **version control**, and **project management**, while contributing to the company's web development initiatives!

### ReactJS Intern LetsGrowMore

05/2023 - 06/2023

India

#### Achievements/Tasks

- Contributed to the creation and enhancement of various web applications, including a **To-Do List App** and **Weather App**!
- Gained practical experience in front-end technologies such as **React JS**, **HTML**, and **CSS**, while actively participating in code reviews and debugging sessions!
- Assisted in optimizing application performance and responsiveness, working closely with the **development team** to deliver high-quality solutions!

## EDUCATION

### Bachelors in Computer Science (BSCS) Pakistan Institute of Engineering and Applied Sciences (PIEAS) University, Islamabad

10/2021 - Present

#### Courses

- Computer Fundamentals Programming
- Data Structures and Algorithms
- Software Engineering
- Object Oriented Programming
- Operating Systems
- Data Communication and Computer Networks

## SKILLS

ReactJS NodeJS ExpressJS MongoDB

Git/GitHub Postman CSS JavaScript

HTML Bootstrap TailwindCSS C/C++

WordPress Firebase

## PERSONAL PROJECTS

### Weather App

- Developed a dynamic WeatherApp using ReactJS, fetching real-time weather data from API and displaying it with an intuitive user interface.

### Quiz App

- Utilized React state and props to manage user interactions and seamlessly update the UI based on their responses.

### Todo List App

- Employed React hooks and local storage integration to ensure data persistence and a seamless user experience.

### MovieSearch App

- Utilized API integration to fetch real-time movie data, presenting it in a visually appealing and user-friendly interface.

### Blog App

- Utilized React Router for smooth navigation and seamless transitions between different sections of the app, enhancing the overall user experience.
